

COURSE GUIDE

**ONLY
£29.00**

WORKPLACE SAFETY:

**ENVIRONMENTAL AWARENESS
INTERACTIVE TRAINING COURSE**

Why do I need this course?

For most organisations, the environment has become an increasingly important aspect of how a business functions. This course aims to offer trainees some awareness of the key areas that affect the environment relating to workplace environmental issues.

What's covered in each course chapter?

There are three chapters to this course which will each cover the following:

1. Environmental Aspects

- Repercussions of violating legislations
- The 'best practice approach'

2. Water

- Water resources
- Pollution

3. Land

- Land-filling and environmental problems
- The importance of safe waste disposal
- Minimisation of waste

4. Air

- The greenhouse effect
- Environmental effects

What are the benefits of the course?

Any employer that wishes to reduce their carbon footprint will benefit from this course, by gaining relevant information to allow them to identify potential risks to the environment.

How will the course work?

This interactive course will be delivered online to users who can study from their own computers or portable device from anywhere they choose.

The course makes use of modern illustrational graphics to ensure it remains engaging throughout, and users will also be quizzed throughout the process, testing their knowledge at certain points along the way. This will be in preparation for a compulsory self-test at the end of the training course.

Each user will receive informative advice and guidance wherever needed, and the course also features a risk checklist which asks the user a series of questions relating to their current working environment.

Upon successful completion of the course, trainees will receive a certificate which can be downloaded at no extra charge.

Course Length:

45 minutes

Price:

£29.00
