FIRE SAFETY:

FIRE SAFETY INTERACTIVE TRAINING COURSE

Why do I need this course?

Fire safety should be a top concern for all workplaces, as each and every workplace is at risk. If your workplace had a fire, would your employees know what to do? This online fire safety course will provide you with the vital information you need on how fires start and how to prevent them. Due to potential fire risks, this course is essential for every company.

What's covered in each course chapter?

There are four chapters to this course which will each cover the following:

1. Fire Prevention

- The cost of fire and what it can do to a business
- What is a risk assessment?
- Conducting a risk assessment
- Housekeeping

2. The Causes of Fire

- The fire triangle
- Key elements of the fire triangle
- Sources of fire

3. Equipment & Signs

- Firefighting equipment
- Fire extinguishers
- Safety signs
- Other firefighting measures

4. Conducting an Emergency Evacuation

- The steps involved in an evacuation
- Your role in an evacuation

What are the benefits of the course?

By law, every employer is responsible for fire safety in the workplace, meaning that they have a duty of care to ensure there have been adequate risk assessments carried out prior to allowing the workforce to enter commercial premises. Furthermore, there must be a suitable and well-planned emergency strategy in place in the event a fire may occur.

This course will benefit both employers and employees, by ensuring they have the vital information they need in order to meet the requirements of fire safety law.

How will the course work?

This interactive course will be delivered online to users who can study from their own computers or portable device from anywhere they choose.

The course makes use of modern illustrational graphics to ensure it remains engaging throughout, and users will also be quizzed throughout the process, testing their knowledge at certain points along the way. This will be in preparation for a compulsory self-test at the end of the training course.

Each user will receive informative advice and guidance wherever needed, and the course also features a risk checklist which asks the user a series of questions relating to their current working environment.

Upon successful completion of the course, trainees will receive a certificate which can be downloaded at no extra charge.
