## WORKPLACE SAFETY:

**PERSONAL PROTECTIVE EQUIPMENT (PPE)  
TRAINING VIDEO**

## Why do I need this course?

In a recent study, only 1 in 110 workers with face injuries were wearing the correct PPE. Regardless of how a workplace environment may appear, there are always areas that require some kind of protective equipment.

Employers have a duty of care to ensure their employees have the correct instructions, procedures, training and supervision of PPE in order to encourage people to work safely and responsibly. This course is vital to identify the risks of not wearing the correct PPE.

## What's covered in each course chapter?

There are a series of scenarios in this course which will each cover the following:

**Scenario 1** - Respiratory masks

**Scenario 2** - High-visibility jackets

**Scenario 3** - Footwear

**Scenario 4** - Eye protection

**Scenario 5** - Hard hats

## How will the course work?

This interactive course will be delivered online to users who can study from their own computers or portable device from anywhere they choose.

The course is delivered in video format, making use of modern illustrational graphics to ensure it remains engaging throughout.

This professionally produced video is entertaining and informative, and will offer the necessary information required to complete a risk checklist and self-test following the video.

Upon successful completion of the course, trainees will receive a certificate which can be downloaded at no extra charge.

## Course Length:

20-25 minutes
