

# COURSE GUIDE

**ONLY  
£29.00**

## WORKPLACE SAFETY:

**WINTER WEATHER AWARENESS  
INTERACTIVE TRAINING COURSE**

## Why do I need this course?

During the colder months, we all notice the change in travel conditions but how many of us drive more carefully? Winter weather can create life-threatening situations that many are oblivious to.

This course will help to prepare workers for their journey to and from work during winter months, including ways to reduce risks and maintaining safety.

## What's covered in each course chapter?

There are a series of scenarios in this course which will each cover the following:

### 1. Is your journey essential?

- Preparing for your journey
- Getting there safely
- Visitor safety
- Driving for work

### 2. During the day

- Salting
- Legal liabilities
- Employer and employee responsibilities
- The snow code

### 3. Working in cold conditions

- Cold conditions
- Temperature
- Ill-health
- Legislation

### 4. Preventing slips and falls in winter

- Who is at risk if snow falls?

### 5. Forward planning in adverse weather

- Caleb's working day
- What to look out for
- Special requirements

## What are the benefits of the course?

This course offers crucial information to those who regularly carry out duties that involve working in cold conditions. The course will also benefit workers who travel long distances to get to work. Upon completion of the course, trainees will be aware of the importance of being prepared for bad weather.

## How will the course work?

This interactive course will be delivered online to users who can study from their own computers or portable device from anywhere they choose.

The course makes use of modern illustrational graphics to ensure it remains engaging throughout, and users will also be quizzed throughout the process, testing their knowledge at certain points along the way. This will be in preparation for a compulsory self-test at the end of the training course.

Each user will receive informative advice and guidance wherever needed, and the course also features a risk checklist which asks the user a series of questions relating to their current working environment.

Upon successful completion of the course, trainees will receive a certificate which can be downloaded at no extra charge.

## Course Length:

35-40 minutes

## Price:

£29.00
