

THE AIRDRI 7-YEAR WARRANTY

At Airdri we pride ourselves on our reputation of making some of the most reliable hand dryers on the market. Through our work in creating our own bespoke motor brushes, we've developed dryers that can outlast competitors by up to ten times.

We are confident that our dryers, once installed professionally and maintained well, will continue to work well for many years.

This is why we offer an industry best 7-year full warranty on all hand dryers.

WHAT THE WARRANTY COVERS

The Airdri 7-year warranty covers:

- All defects due to factory workmanship
- All defects due to non-conforming material
-

There are some requisites in order to maintain warranty, these are:

- The hand dryer must be installed by a qualified or trained installer
- The maintenance procedure must have been followed

WHAT THE WARRANTY DOES NOT COVER

- Motor brush wear
- Damage caused by failure to follow recommended maintenance procedure
- Damage caused by user or installer
- Accidental damage
- Consequential damage
- Unauthorised repairs
- Site visits
- Third party labour
- Normal wear and tear
- Shipping costs

POINTS TO CONSIDER WHEN CHOOSING YOUR HAND DRYER SUPPLIER

Manufacturer warranty is an important point to consider when choosing your hand dryer as it can make a substantial difference to the total life cost.

If you have a defect with your hand dryer outside of your warranty term then you can be accountable for not only the cost to replace the dryer, but also repair costs, electrician fees, postage and packaging and the cost of an alternative whilst your dryer is being fixed or replaced.

Make sure that warranty is a consideration when choosing your hand dryer supplier, and be careful to check the warranty per model, per manufacturer, too.
