Pack Qty: 9 x 2lt Tubs

Packaging: 2 Litre Recyclable Tub

Weight: 0.5kg Per Tub

Paint and other spills are a common occurrence and need a specific approach with products up to the job. The Painterz Range tackles these problems with no fuss.

**Painterz Wipes** have been specifically developed for Painters and Decorators with an unrivalled formula that removes more paint, caulk, silicone, adhesives and sealants from hands and surfaces than others on the market.

**The Painterz Spill Kit** enables the complete recovery of a paint spill on a hard surface with ease. The kit includes special squeegee and collection pan to scrape up the majority of paint into a separate tray, the recovered paint can then be poured back into its original container or a waste receptacle.

**Painterz Multi-use Van Tray** provides a safe, contained area for mixing and decanting tasks or for the transportation of messy containers. This reduces the risk of drips and leaks contaminating the surrounding area and saves time by reducing the need for clean-up.
