

Easy Strip Floor Polish Remover

Product Description

A high performance emulsion polish stripper for the efficient removal of polish from vinyl, rubber, sealed wood, quarry tile and most common hard floor surfaces.

- High performance polish remover
- Requires rinsing after application

Directions

- Liberally apply diluted Easy Strip Floor Polish Remover to floor surface
- Allow 7 -8 minutes contact time, ensuring that the floor remains wet
- For best results scrub the floor area using a single disc rotary machine fitted with black nylon stripping pad or nylon scrubbing brush. Where machinery is not available the floor should be scrubbed manually using a deck scrubber or edging tool.
- Rinse thoroughly with a clean mop and fresh water
- For best results remove the excess rinse water using a wet pick-up machine. Where machinery is not available the rinse water should be removed using a mopping system
- Allow the floor area to dry thoroughly before applying new coats of polish
