

TASKI Sani 100

Daily Washroom cleaner

Description

Daily washroom cleaner, for water-resistant surfaces.

Key properties

- pH-neutral at in use dilution
- Fresh fragrance
- State-of-the-art calcium binding sequestrant
- Effective cleaner

Benefits

- Safe to use on all washroom surfaces
- Leaves a pleasant, fresh fragrance
- Regular use hinders lime scale and lime soap build-up
- Highly effective at removing common washroom soil, e.g. body fat, cosmetic and soap residues

Use instructions

Dosage:

Minimum dosage: 50ml for 10l solution (0.5% / 1:200)
(increase for heavy soiling)

Spray cleaning method: 40ml per 500ml water (8%)

Application:

Spray method: Dose product into the full spray bottle, spray the solution on a damp cloth and wipe, for stubborn marks spray directly onto surface, allow contact time before rinsing. Rinse or replace the cloth regularly. Use a sponge pad to remove stubborn soil.

Bucket method: Dose product into the full water bucket, apply solution with a cloth/sponge and wipe. Use a sponge pad to remove stubborn soil.

Wet mopping: Dose the product into full water bucket. Apply the solution with a mop and remove soiled solution.

Important:

Do not use more than dosage of 1 % on calcareous stone surfaces (e.g. marble). Test material compatibility in a small, inconspicuous place before use.

Technical data

Appearance:	clear, red coloured liquid
Relative density [20°C]:	1.04
pH-value neat:	9.0 - 9.5
pH-value in use:	7.0 +/- 0.5 % (0.5 %)

The above data is typical of normal production and should not be taken as a specification.

Safe handling and storage information

Safe handling:

Rinse and dry hands after use. The use of a skin reconditioning cream, such as Softcare Dermasoft, may be beneficial. For prolonged contact, protection for the skin may be necessary.

Full guidance on the handling and disposal of this product is provided in a separate Material Safety Data Sheet. For professional use only.

Storage Information:

Store in original closed containers away from extremes of temperature.

Environmental information

The surfactants used in this product are biodegradable in compliance with the requirement of EC Directives 73/404/EEC and 73/405/EEC and their subsequent amendments.
