Suma® D1-D10 Kitchen Cleaning System

The simple, effective way to a cleaner kitchen

D1-D10 Kitchen Cleaning System brings you:

- A sparkling, hygienically clean kitchen
- Greater productivity with no costly application
- Predictable, low cost in use

A sparkling, hygienically clean kitchen

The Diversey D1-D10 Kitchen Cleaning System is a comprehensive and powerful range. It includes high performance products, ergonomic packaging, dosing tools and utensils for cleaning and sanitising all kitchen surfaces.

Highly effective product formulations mean that perfect cleaning and hygiene results can be achieved every time.

The range includes durable, hygienic, colour-coded utensils, such as brushes and cloths. A range of dispensing options ensure accurate dosing at all times.

Greater productivity with no costly application errors

The D1-D10 Kitchen Cleaning System is a complete programme designed to increase your productivity. Simple and logical, it helps your staff achieve the best results in the shortest time, with none of the application errors that cost you time and money. The products are colour and alphanumeric coded, making identification easier, and avoiding costly application errors.

How to clean is just as important as using the right products and tools. Diversey provide a full range of easy to understand training materials that motivate your staff, helping them achieve sparkling clean and hygienic results throughout the entire kitchen.

Predictable, low cost in use

All products in the range are highly concentrated with the most effective formulations available. Coupled with efficient cleaning methods, they deal with the heaviest kitchen cleaning tasks quickly and easily, reducing your overall cost of cleaning.

Products are available in ergonomic and economic packaging that ranges from trigger sprays to cans and drums with concentrate. With the D1-D10 Kitchen Cleaning System, product dosing is always accurate and simple, so your kitchen cleaning costs are optimal and controlled.
