

# Dual action Pod™ Petite Wipes

## One wipe – one dose

Antimicrobial cleaning and odour control wipes designed specifically for Pod™ Petite.

Cleans, sanitises and deodorises inside and out, protecting your staff and customers from harmful bacteria and viruses that thrive in this environment.

## Why are Pod™ Petite wipes important?

### ELIMINATES HARMFUL BACTERIA

Like E. Coli, Salmonella  
and Hepatitis B and C

### VAPOUR PHASE TECHNOLOGY

Reduces malodour and  
bacterial numbers

### CLEAN, FRESH FRAGRANCE

Essential oils offer  
refreshing washroom scent

### EASY TO USE

Individual antimicrobial wipes –  
no mess, no residue

### SUSTAINABLY SOUND

Made with natural active  
ingredients using a  
biodegradable wipe

### LABORATORY TESTED AND VALIDATED

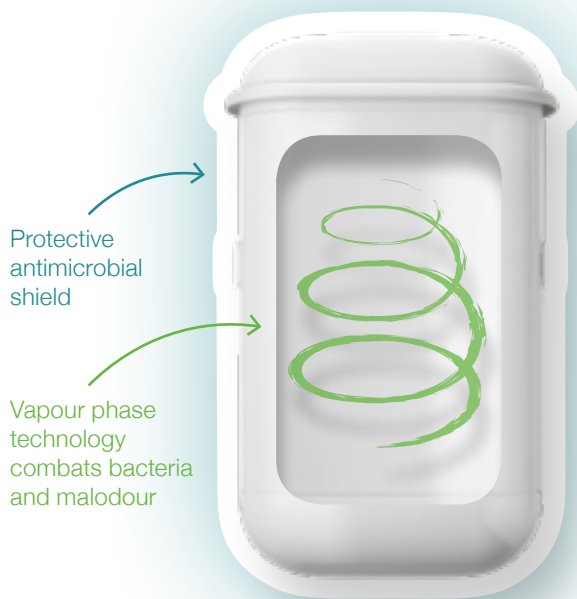

Using trusted Genesis  
Biosan technology

① Dual action – cleans, sanitises, deodorises

② Wipe outside surfaces on Pod™ Petite

③ Drop wipe inside the unit for complete protection

## How Pod™ Petite Wipes work

- Vapour phase technology from natural essential oils are slowly released from the wipes and permeate throughout the unit even when it is full
- Cleans and eliminates harmful bacteria on the outer surfaces
- Deodorises, sanitises and prevents the formation of malodour inside the unit
- Simple dosing system protects for 14 days
- Produces a pleasant washroom aroma

Pod™ Petite – a powerful solution for a delicate problem
